

**Maine CDC Newborn Hearing Program**  
**Division of Disease Prevention, Department of Health & Human Services**

**CATEGORY A**

**These facilities have indicated they provide full audiological diagnostic evaluation (this includes ABR with frequency specific results) recommended by the MNHP for infants birth to 6 months who are referred from hearing screening programs. These facilities also provide testing on children over 6 months of age.**

**(#) = facility has indicated medical center affiliation for sedated testing, if needed.**
